

REMARKS

This Amendment is filed in response to the Office Action dated November 13, 2007. All objections and rejections are respectfully traversed.

Claims 1, 3-9, 12-14, and 16-20 are in the case.

Claims 1 and 12-13 have been amended to better claim the invention.

New claims 21-22 have been added to better claim the invention.

Applicant respectfully attaches to this Amendment copies of the foreign cited art not previously considered by the Examiner in the attached IDS.

Double Patenting

At page 4 of the Office Action, claims 1, 3-9, 12-14, and 16-20 were provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-20 of copending Application No. 10/799,232. Applicant files herewith a timely filed terminal disclaimer in compliance with 37 C.F.R. §1.321 to overcome this provisional rejection.

All independent claims are believed to be in condition for allowance.

All dependent claims are believed to be dependent from allowable independent claims, and therefore in condition for allowance.

Favorable action is respectfully solicited.
